Team

Take a look at this and we can circle up on Tuesday.

Lee

Subject: Draft Letter

Lee –

I understand from Chris that he spoke to you regarding our work on the attached draft letter. With time short, I thought it best to forward it on to you to give you a sense of the current status and to request your feedback. Note that at this point the letter is a product of input by the Region 10 program team as well as Palmer Hough, who has been a critical part of our intensive engagement with the Corps and FWS over the last few months. Next steps will include review by counsel, both in Region 10's ORC and in OGC.

Note that this is presented as a cover letter in anticipation of further fleshing out of an attachment (see bubble comment by Palmer and where we would reference) at an appropriate level of detail. A key question for me, however, is whether a further level of detail beyond what is in the attached "cover letter" is actually needed. Feedback on that question would be especially helpful from you and others in OW who you might ask to assist with review.

We look forward to your thinking on the letter and next steps.

Dan Opalski
